

## Safety Committee Meeting Minutes 9 February 2009

Meeting commenced 19:00 by Kristin Rector

- Distributed old sheet and reminded every one to be done by next week.
  - New sheet next week.
- Discussed policy on ride-alongs for new drivers.
  - Should we give them a 'preliminary' ride-along as soon as they start driving and then a 250-hr ride-along as PR does?
  - General consensus was no, since they receive so much senior driving and a retest. We should try to get them their 250 as soon as possible, though.
- Discussed when to have next monthly clinic.
  - The clinic two weeks ago was successful, but there is little time before Spring Break, so we will have one right after.
- Collected items for the safety update.
  - Wait for people to sit down.
